

18th December 2012

DEMOLITION OF MELROSE, PEEBLES, & SELKIRK COURTS, BELVILLE STREET, GREENOCK

DEMOLITION UPDATE

The removal of the fixtures and fittings, and the asbestos materials is progressing well and will be completed early in the New Year. Drilling operations within the buildings have now started. These drilling operations are essential but can seem noisy and dusty. Every effort will be made to minimise the effects of the noise and dust.

EXCLUSION ZONE

Following the successful test blast, the Exclusion Zone Boundary has now been agreed. Your property is located inside this exclusion zone, and this means it must be evacuated for the duration of the blowdown operation.

BLOWDOWN DATE - SUNDAY 10TH MARCH 2013 EVACUATION - SATURDAY 9TH MARCH 2013

It has now been confirmed that the demolition will take place on Sunday 10th March. For operational reasons, the demolition will take place in the early hours of the morning. There will be some inconvenience to those who need to be evacuated, and to those who may be awakened by the demolition in the early hours of the morning. We apologise for this inconvenience and will do everything possible to minimise the disruption.

The evacuation will start on Saturday 9^h March in the afternoon. Alternative accommodation for the overnight evacuation will be made available to those being evacuated. The Safedem Community Liaison Team will begin visiting residents and businesses within the exclusion zone in the New Year to discuss the evacuation, so the necessary arrangements can be put in place.
